Narne Tejaswi

Bachelor of Engineering
Computer Science and Engineering (CSE-AI)
Saveetha School of Engineering, Chennai
Full stack developer, Artificial Intelligence

+91-7989600567

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.E CSE(AI)	Saveetha School of Engineering, Chennai	9.45	2023- Present
Senior Secondary	Viswa Bharathi Junior College	91.8	2021-2023
Secondary	Orchids High School	99.9 (10/10)	2020-2021

WORK EXPERIENCE

- **Plasmid innovations** *July 2025 - October 2025*
  Intern - Full stack Developer Bengaluru
- Developed and deployed a full stack e-commerce application using React, Node.js and enabling secure online transactions and improving user experience with responsive design."

- **Edu Tantr** *November2025 – December 2025*
  Intern - Gen AI Bengaluru
  - AI Intern with experience in predictive modeling, anomaly detection, and real-time ML analytics.
  - Designed Figma dashboards and integrated AI insights into apps.
  - Deployed ML models via Python APIs with scalable backend support.
  - Proficient in Python, machine learning, and backend development for scalable AI solutions.

ACHIEVEMENTS

- **College Topper in B.E Computer Science Engineering-Artificial Intelligence**

  College Topper in B.E Computer Science Engineering-Artificial Intelligence, Saveetha School of Engineering, Class of 2024 & 2025.

- **Subject Topper in Design Analysis and Algorithm**

SCHOLARHSIP

- **Agnito Merit -Scholarship** 2024 & 2025

  Awarded a merit-based scholarship covering 40% of tuition fees by Saveetha school of engineering for academic excellence in 2024 & 2025.

SKILLS

- **Languages:** UI/UX Design, UX Research, Wireframing, Prototyping, Usability Testing, Visual & Responsive Design, Design Systems, Collaboration, Developer Handoff, Full Stack Development, HTML, CSS, JavaScript, Python, C, C++, PHP, JSP, DBMS.
- **Technologies & Tools:** Figma, Adobe XD, Balsamiq, Miro, FigJam, Canva, GitHub, MySQL, Google Colab, Excel/CSV Processing, VS Code, Chrome DevTools.

CERTIFICATIONS

- **Software Testing**, IIT KHARAGPUR - NPTEL *Jan-Apr 2024*
- **Introduction to Internet of Things**, IIT KHARAGPUR - NPTEL *Jan-Apr 2024*
- **Oracle Database SQL Certified Specialist**, Oracle *November 2024*
- **Oracle Certified Professional: Java SE 11 Developer**, Oracle *January 2025*
- **Cyber Security And Privacy,** - NPTEL *July-October 2025*
- **Management Information System**, - NPTEL *July- October 2024*

PROJECTS

- **Emission Analysis of Water-Emulsified Diesel** *January 2024 - May 2024*
  Tools: [Python, Figma, Scikit-learn, Pandas, NumPy, Pandas, Spss]
- Conducted an emission analysis study demonstrating that water-emulsified diesel significantly reduces NOx and particulate matter emissions by enhancing combustion efficiency through micro-explosions.
- **Enhance Weather Forecasting Accuracy through Predictive Techniques** *April 2025- May 2025*
  Tools: [Python, Google Colab, NumPy, Pandas, Matplotlib, Spss]
- To improve weather forecasting accuracy using predictive modeling techniques.
- Historical weather data is analyzed to identify patterns and trends in key parameters like temperature and humidity. Models are trained and evaluated to enhance prediction reliability.
- The approach demonstrates the value of data-driven forecasting over traditional methods.

CAREER OBJECTIVE

I am a motivated and detail-oriented Computer Science and Engineering (Artificial Intelligence) student with a strong foundation in programming, machine learning, and data analysis. Eager to apply theoretical knowledge through practical implementation and continually improve technical proficiency.
